Garry has been in the real estate industry since 1974. It is really all he has ever known, in one fashion or another. In fact, after receiving an international business degree and moving to Colorado to become a ski patroller (what else do you do with a degree these days?), he returned to Austin to follow his lineage of professional sales in real estate. Career Path 1974-1996 Captive assistant and part-time slave to his parents' real estate business 1996-2005 Firefighter and EMT for Westlake Fire Department, protecting the real estate of Austin 1997-2005 Founder and owner of The Creath Team, delivering exceptional real estate service to luxury home owners 2005-present Director of Sales and Chief Financial Officer (CFO) at The GoodLife Team. Sure, he has been a firefighter, an EMT, and the CEO of a start-up company in Austin (servicing the real estate industry), but these were always true to his roots of real estate. Saving homes, people's lives, and helping Realtors improve on their service have all been critical to his real estate experience and the shaping of the uniqueness that is Garry.
